JUDGE KENT'S SUPPORT OF Y. M. C. A. PROJECT

Such a Home as is Projected of the Greatest Desirability.

Those in charge of the effort to secure a Y. M. C. A. for Phoenix have been untiringly assisted by the letters they have received from numerous citizens of the city. In response to a request for the views of Judge Kent of the supreme court on the matter, they yesterday received the following:

"In response to your suggestion that I give you my views upon the desirability of establishing in Phoenix a Young Men's Christian association, let me say that I am heartily in favor of the plan.

"In my four years' residence here, and with opportunities of forming a judgment upon the facts, I have been greatly impressed with the underlying regard for an observance of, law and order by our citizens. While there are in our country undoubtedly many communities more distinctively religious in appearance in their outward observances of the forms of Christianity, I doubt whether, where such a broad tolerance of individual opinions exists, there is to be found another community in which there is generally a wholesome respect for the decency of life as in this community. With the opportunities that are afforded within the letter of our laws for the growth of money and lawlessness, this community has grown steadily in the opposite direction, with out little other than the healthy moral sentiment of the community to stimulate such growth.
